

ChitoLite®

Fat-binding formula that features chitosan*

- Supports weight management by binding fat before your body absorbs it*
- Incorporates patented technology to bind significantly more fat than standard chitosan*
- Features l-ascorbic acid, erythorbic acid, and aloe vera

What Is ChitoLite?

ChitoLite is formulated using chitosan, one of the most unique and effective ingredients known to help support successful weight management. Chitosan is a naturally-occurring substance that chemically binds to the plant fiber cellulose. Chitosan chemically binds fats and can significantly prevent the absorption of fat in the digestive tract.*

Primary Support:

Weight Management*

DIRECTIONS: Take two (2) capsules with 8 oz of fluid before each meal.
